

*Debbi and Randy Fields at their cookie store in Park City.*

“We’re really committed to Utah, and Utah is committed to children,” said Debbi and Randy Fields, who gave University of Utah Hospital \$2.1 million of corporate stock in the holding company that owns Mrs. Fields’ Cookies. The deferred gift will be used for pediatric care and research.

All their philanthropic activities involve children’s health, said the Fields, who have three daughters ages three, six and eight. “As parents, we feel the single most tragic event is the serious illness or

death of a child,” said Mr. Fields.

In addition to the stock, the Fields donated money to build a playhouse in the hospital’s Pediatric Clinic and furnish it with toys two years ago. They also have helped advance University research on the genetics of cystic fibrosis.

“We’d like to encourage other entrepreneurs to join us,” noted Mr. Fields. By pooling resources, businesses can help provide Utah’s children with the finest health-care, and “all of us will be the beneficiaries.”

Marilynn Z. Nielson  
Marilynn Z. Nielson, Wasatch  
School District's "Teacher of The  
Year," is a sixth grade teacher at  
Wasatch Middle School. Marilyn  
loves learning and is a strong be-  
liever in on-going education and in  
working to improve in her field.  
She received her B.A. Degree in  
Elementary Education from BYU,  
her M.Ed. Degree in Instructional  
Technology from Utah State Uni-  
versity, a Certificate of Completion  
from the Mentor Teacher's  
Academy, and has taken many  
workshops and inservice classes as  
well as being an inservice presenter.  
She has been active in educational  
organizations and has held many  
district and school committee of-  
fices.

Marilynn is excited about teach-  
ing. She says, "Education is distin-  
guished from many other fields by  
the fact that educators deal with real  
lives and not just products." She  
believes not only in helping every  
student attain the highest possible  
level of literacy but in the impor-  
tance of each individual. She feels  
that every child has special  
capabilities and can learn from  
teachers who couple the essential

She has implemented a  
Logowriter program in her class-  
room which not only teaches stu-  
dents basic computer skills but  
teaches thinking skills and problem  
solving. She was the first in the  
district to set up a Cooperative  
Learning classroom and has pre-  
sented many workshops in the ad-  
vantages of this environment in the  
classroom. She has developed cur-  
riculum for teaching English  
grammar through a student's cre-  
ative writing and has seen five  
months more growth on the stu-  
dents' achievement tests of those  
students using this curriculum than  
those using the traditional ap-  
proach.

Marilynn is a very caring teacher  
and shows concern for each student  
as well as using the skills that she  
has developed as an outstanding  
teacher. She was selected by the  
faculty as "The Teacher Who Cares  
Most About Kids." Her love for  
each child is obvious and she said,  
"If I could give a message to the  
people of American, it would be to  
strengthen American homes. A  
school can be no stronger than the  
community that supports it." Stu-  
dents in her classes know that their  
teacher cares about them and be-  
lieves in them.

around our beautifully decorated 12  
foot Christmas tree, the excitement  
and spirit of Christmas time was  
very evident. Singing around the  
Christmas tree is an annual tradi-  
tional event at J. R. Smith. During  
this singing time, each grade pre-  
sents a Christmas song to add to  
the many other carols. The teachers  
always present a special number and  
this year was great. Several teachers  
portrayed themselves as dolls in an  
extremely humorous manner as  
Mrs. Holmes sang *Oh You Beauti-  
ful Doll*. It was terrific. Zions Bank  
representatives presented the school  
with their donation for the orna-  
ments made for the tree. This was  
added to our Sub-For-Santa fund,  
which fulfilled our goal. The chil-  
dren also received a special goodie  
treat from the bank members. We  
wish to thank them for their gen-  
erosity.

Monday the "Sunshine Genera-  
tion" presented a Christmas pro-  
gram. It was a fun program and  
great to see some of our very own  
students performing. This began a  
week of Christmas fun and cheer  
that continued through each day.  
We appreciated the "Sunshine Gen-  
eration" for coming and sharing  
their happiness with us.

Monday evening, the faculty en-  
joyed good company, delicious food

High Country Restaurant and Dou-  
glas Pope entertained us with  
lovely ballads and Christmas carols  
accompanied on his guitar. His son,  
Ben, joined him for a fun number.  
Mrs. Mair and Mrs. Morgan are  
credited for a fun evening shared by  
all.

On Tuesday, the second graders  
presented their program of song and  
dance, "Christmas Around The  
World." The children did an excel-  
lent job and the parents received a  
real treat. We thank the parents for  
their support and congratulate the  
second graders and their teachers for  
a job very well done.

Wednesday, the high school  
Show Choir presented their pro-  
gram of "One Magic Christmas."  
The boys choir presented a fun  
song, "Grandma Got Run Over By  
a Reindeer." Known as Men, Mus-  
cle and Music, these young men did  
a great job, very amusing and de-  
lighted the students.

The show choirs presentation  
captivated the students with song  
and dance. Their lively presentation  
provided excellent entertainment and  
the hit of the program was Frosty  
(Mr. Jensen) as he danced about the  
stage.

We thank the Show Choir and  
Mr. Thompson for sharing their  
gift of Christmas.

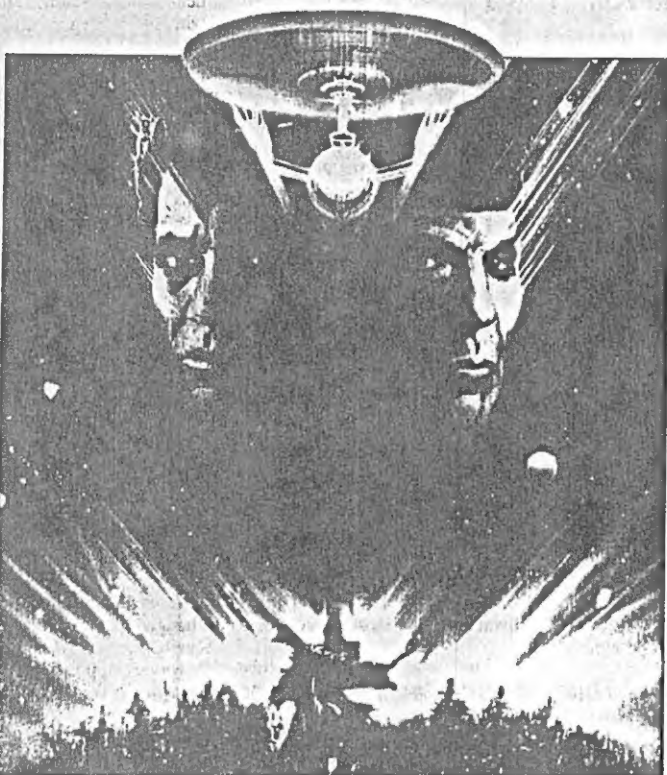

Mrs. Mac and her students pre-  
sented a chorale reading of "The  
Night Before Christmas" to the  
second and third graders. The stu-  
dents enjoyed the poem and thanked  
the seventh grade class and Mrs.  
Mac for coming and especially their  
treat. It was well done

As Christmas projects and par-  
ties finished the day on Thursday,  
the children left school with hugs  
and a "Merry Christmas." Teachers  
surveyed their desks filled with  
treats and wrapped surprises from  
excited students who had earlier  
hustled about leaving these gifts  
here and there. You might say  
Santa's elves were hard at work.  
What delight and thoughtfulness  
was given.

The teachers were treated to a  
lovely buffet luncheon earlier from  
the school board and our principal.  
Thank you, it was delicious and  
such a special treat.

Christmas, a time of surprises  
and fun, a time of love and concern,  
a time to truly say "Peace on Earth,  
Good Will Toward Men." Happy  
Holidays to everyone from the fac-  
ulty and students at J. R. Smith.
